

With (rental) car or motorbike:

The rental car or motorbike is a good solution to be able to move in Mykonos on your own. The Royal Myconian Imperial Hotel offers parking for free.

Be aware (especially for mopeds) that the streets in Mykonos are uphill-downhill

With a taxi:

Taxi prices are specific to each destination / itinerary on the island and there are no taxi meters. There are only 2 taxi stations in Town :

- in Mykonos Town on the promenade (Square Manto Mavrogenous)
- in Fabrika, on the south side of the town (near the starting point of the public buses)

There are only 32 taxis on the island and they are very busy in the summer

With the local bus service (called K.T.E.L.)

It is the most cheap way to discover the island of Mykonos and the circulation is frequent.

There are 3 starting points at three different focal points of the city :

- Starting point 1, Square San Luca – Fabrika District, south of Town, with destinations to Platis Yialos, Psarrou, Ornos, Ag. Gianni, Paradise and Paraga.
- Starting point 2, in the square behind the building of OTE, at the entrance to the city from the port, with destinations Ano Mera, Kalafatis **and Elia (HOTEL ROYAL MYCONIAN IMPERIAL)**
- Starting point 3, next to the quay in the old port, with destinations to the new port Tourlos and San Stefano, just north of the city.

Detailed information will be at your disposal at the conference' s registration desk

Pay attention : local buses are in the summer very crowded

With a boat (called kaiki) to the best beaches of the island
